

Deliciously different.

QUARTZ BREWING

The Brewery

**Quartz Brewing produce three premium ales...
Blonde, Crystal and Extra Blonde.**

Each is lovingly crafted here in our new micro-brewery and contains the finest malted barley and continental hops. We're the perfect destination for your group's next special event... we'll show you how our beers are made (and what they taste like!).

The Bar

With our own fully licensed bar not only can you buy and consume our products on the premises, you can even book the whole brewery for the evening... the small, intimate space is ideal for private parties or small business conferences for up to twenty people.

The Shop

Once you've sampled our beer, you'll obviously want to buy some! We offer each of our three main brews in 500ml bottles, which you can buy individually or as mixed multi-packs, ideal as gifts. Or for parties why not try one of our 5 litre mini casks? They're perfect for Christmas.

Opening hours 10.00am to 5.00pm Tuesday to Sunday
